Director, Bridging Berkeley

Fall 2015-Spring 2017

- ❖ Bridging Berkeley is a math mentorship program between UC Berkeley's Public Service Center and Berkeley Unified School District. I served as director from the program's inception in Fall 2015 until Spring of 2017.
- ❖ The program now employs over 30 mentors, primarily UC Berkeley students, and serves over 100 middle-school students per semester.
- ❖ I stepped away to pursue other extra-curricular interests and to provide the leadership opportunity to other students so that the program could live on after I graduate.
